

EDITORIAL

HELLO AGAIN! Here at last is the long awaited and much requested (?) issue three. Apart from looking at the local music scenario (ugh!), we are also featuring Bolton's dance troupe, "Hot Gospels", and this issue's bootleg review is of Motorhead's "Hiroshima". There's also a wonderful competition to win a Blackfoot album (what generosity!). In a mad burst of photographic enthusiasm, we have now acquired a camera as can be seen in the features on Wiffer, J.G. Spoils, The Reporters and Peruvian Drumstix. Anyway, thanks for buying this issue - without you we wouldn't be here (no comment).
